To

Vice Chancellor/Directors/Heads of all Higher Educational institutions

Sir/Madam,

You are aware that the Country is on the verge of a major economic transformation due to the withdrawal of the high denomination bank notes. The move to a cashless society using the various digital payment options already available would be possible only when there is a massive campaign to educate the various stakeholders. This campaign will need the active involvement of higher educational institutions – the management, teachers and the students.

In this context, the Hon Minister for HRD, Sri Prakash Javadekar would address all the higher educational institutions through an interactive video conference at **4 p.m. on 1st Dec 2016**. The Minister is likely to present a draft plan action for higher educational institutions working for the Digital Economy; and would also seek the suggestions from the institutions. The video conference would be hosted by the NIC using the NKN network, and the local NIC in-charge would help you with the technical details for joining the video conference/webcast.

Considering the importance of the occasion, it is requested for your personal presence along with all the Deans/senior faculty and representatives of the student community in the video conference.

Yours faithfully

(R. Subrahmanyam)
