

**National Institute of Technology
Durgapur
Department of Biotechnology**

**M. Sc.
LIFE SCIENCE**

2020 Admission

➤ **Eligibility:**

Admission through CCMN-2020 (<https://ccmn.admissions.nic.in>)
Three Years regular BSC in: Zoology, Botany, Physiology, Biotechnology, Genetics, Microbiology, Biochemistry, Biophysics, Life Sciences, Horticulture, Biology, Molecular Biology, Food Science, Physics, Chemistry.

Four Years regular BSC in Agriculture.
Eligible JAM Paper: BT, CY, PH.

➤ **Programme Duration:**

4 semesters (2 years)

➤ **Programme Content:**

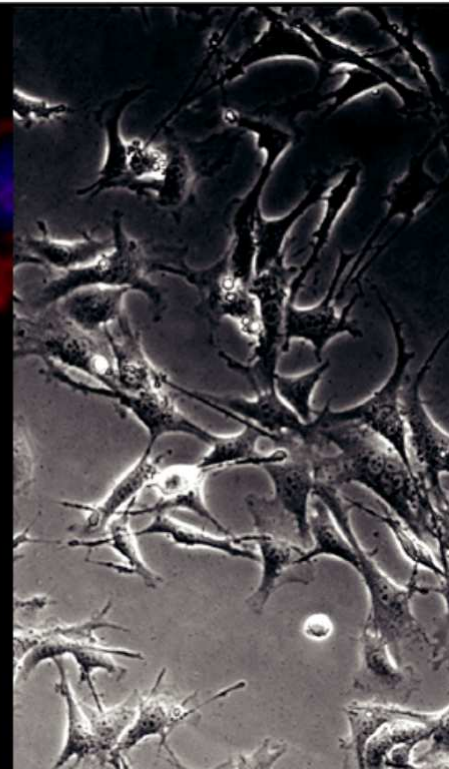

Biochemistry, Cell and Molecular biology, Genetics, Microbiology, Immunology, Genetic Engineering, Biotechnology, Biophysics, Omics, Bioinformatics, IPR and Scientific Communication.

➤ **Infrastructure & Facilities:**

Well equipped class rooms and laboratories.
Excellent hostel facilities and other campus amenities.
Placement Cell and Campus Recruitments.

Our Research Strengths:

- Cell and Molecular Biology
- Microbiology
- Immunology
- Plant Biotechnology
- Bioprocess Technology
- Environmental Biotechnology
- Enzyme Technology
- Stem Cell Biology
- Nanotechnology
- Cancer Biology
- Bioinformatics & Computational Biology
- Host-Pathogen Interaction
- Metabolic Disorder
