Proprietary Article Certificate (PAC) from the firm

Note: Proprietary Article Certificate in the following form is to be provided by the OEM/ authorized dealers/ Stockist of OEM) before procuring the goods from a single source under the provision of sub-Rule 166 (i) and 166 (iii) as applicable.

(i) The indented goods are manufactured by M/s GAMS Software GmbH, Germany

(ii) No other make or model is acceptable by the Institute/ Center for the following reasons:

    (1) GAMS is especially useful for handling large, complex, "one of a kind" problems, which may require many revisions of the model to get the formulation right.

    (2) GAMS enables you to model problems in a natural way, so that you can easily change your formulation - even convert a model from linear to nonlinear with little trouble. Reuse statements in your model when new instances of the same or related problem arise.

    (3) Enter data only once, in their most elemental form.

    (4) Create whole sets of closely related constraints in one statement.

    (5) Create self-documenting models.

    (6) Reuse statements in your model when new instances of the same or related problem arise.

    (7) Build models independent of the solution algorithms of specific solvers.

    (8) Solve your model on different types of machines without having to change your formulation.

    (9) Create self-documenting models.

(iii) Concurrence of finance wing of the OEM/ authorized dealers/ Stockiest of OEM to the proposal vide: TTPL/NITDGP/GAMS-01.

(iv) Approval of the competent authority of the OEM/ authorized dealers/ Stockist of OEM

For **Trinetrix Technologies Private Limited**

Authorised Signatory
