In the web meeting held on June 14, 2020 at 11.30 a.m., the Deans, Heads of the Departments and other functionaries discussed the prevailing uncertainty in academic and administrative issues arising out the COVID-19 pandemic and the state of the students stuck at their homes. The members felt the anxiety and mental stress of the students for the ensuing end semester examinations and resolved that **there will be no end term examination, even semester 2019-20 in any mode for UG and PG students, except the final year students (UG and PG), for whom the decision has already been circulated and the evaluations are in process.** In this context the members discussed the possible and best method of end term evaluation with a holistic approach. Thereafter, the draft resolution ensuing from the meeting was circulated electronically to all the members of the Senate for their inputs. The members of the Senate discussed the draft resolution and gave some valuable inputs. The final resolution, based on the inputs from the members and the feedback from the students and subject to no circular from the MHRD to the contrary is as follows:

1. Assessment of theory papers for the 2nd and 3rd year students should be completed with the following pattern:
 - a) 60% weightage for the end-semester component on previous performance: (30% weightage on current CGPA + 30% weightage on best SGPA obtained so far)
 - b) 25% weightage on mid-term examination
 - c) 15% weightage on continuous assessment of performance done prior to lockdown.
2. Assessment of sessional/laboratory papers for the 2nd and 3rd year students will be done through assessment of performance in sessional/laboratory classes held before lockdown.
3. Considering only one semester availed by the 2nd semester B.Tech. students, which makes their CGPA and SGPA the same, the basis of the evaluation for the theory courses will be different and are as follows:
 - a) 60% weightage will be given on the mid-term performance and will be computed as follows. (Actual marks obtained in the mid-term examination, recalculated out of 45 marks) +15.
 - b) 25% weightage on 1st semester SGPA.
 - c) 15% weightage on continuous assessment of performance done prior to lockdown.
