This your last chance to work on the most unique Hackathon "MANTHAN 2021", an initiative by All India Council for Technical Education (AICTE), Ministry of Education Innovation Cell (MIC) and Bureau of Police Research and Development (BPR&D). MANTHAN promises our University/College/Institute Students and Startups of the country to work on the problem statements related to National Security, Safety and Surveillance.

In this regard, we request you to kindly disseminate this information in your University/College/Institute and encourage Students and Startups to participate in this hackathon in huge numbers.

More than Rs. 40 Lakhs prize money to be won in this hackathon. Please note that this hackathon will have separate tracks and Prize Money for Univ/College/Institute Students and Startups.

Winning Teams Prize Money

(Track 1 – Univ/College/Institutes Students @ 1 Lakh/PS)

(Track 2 – Registered Startups @ 1 Lakh/PS)

The Videos of problem statements can be accessed on the Link https://youtube.com/playlist?list=PLT0qtkdiEErocCuXiRYUoYH0g78q49qt5

Register your team and Idea at https://manthan.mic.gov.in

Come on! Fasten your pace. Make sure to submit before time!

For any queries, please drop a mail at manthan@mic.gov.in or hackathon@aicte-india.org or call us on 011-29581326/ 29581241/ 29581336 (Monday - Friday).
