

NATIONAL INSTITUTE OF TECHNOLOGY DURGAPUR

An earnest request to the students from your friend

(Special attention to PhD students and Research Scholars)

Date:17.03.2021

Transportation is the movement of people or goods from one place to another by means of a vehicle, aircraft, or ship. Several studies have been conducted regarding how people travel and the transportation modes utilized by them over time. These studies have largely contributed to the development and optimization of transportation modes, thus improving security, punctuality, conform and efficiency for travelers.

This survey is a part of a study where we are trying to explore how University students travel, students being one of the most important stakeholders of the nation. The direct responses of the students we get through this survey will be used for the development of transportation facilities for them. Thus, we are tirelessly working for the welfare of the student community. We ask of you students, your humble contribution to make this study successful and help make the world a little better place to live in.

You are requested to circulate the form amongst all the students of your university to help gain a greater response.

All the CRs (Class Representatives) and TPRs of the various sections and departments, irrespective of the course you are enrolled in, are hereby requested to circulate this form amongst the respective students and insist them to fill up the form as soon as possible.

Cooperation from the PhD and Masters students is especially crucial to fill up the form, and hence their kind coordination is expected.

This form will hardly take **5-6 minutes** to fill up. We humbly request your sincere contribution.

The link for the Google Form survey is given below
