

NOTICE

This is to inform all concerned that the critical situation of the drinking water supply of our campus due to break down of DVC barrage, DSP, ADDA & DMC are not in a position to supply water further. Therefore, the Institute has distributed the water supply from our underground and overhead reservoir from 31.10.2020 till now. The remaining stored water will be distributed tomorrow only. i.e. 05.11.2020.

This is for your kind information and necessary arrangement may be made to save water. All concerned are hereby requested to further not to use the drinking water for gardening and car wash etc., during this breakdown situation. Further any information received regarding the water crisis situation will be intimated immediately.

This issues as per the advice of the Chairman (Maintenance & Campus Facilities).

Inconvenience caused, if any, is regretted.
