ANNEXURE 2

Clarification to the word "Non-Dilutable" appearing in Clause 4 of the Incubation Agreement.

What is Non-dilutable?

This is clarified for the interests of the parties and to avoid any confusion or ambiguity.

The Company and their Promoters agree that the IIIC is providing incubation facility which is very critical for growth and sustenance of the Company in early days, in return NIT Durgapur shall be provided with 3% shares of the "promoters' holding" in the company free of cost and this shall be duty of the promoters to maintain NIT Durgapur's 3% equity of promoters' shares till NIT Durgapur decides to sell or give buy back option to the Company or promoters.

Who are Promoters (For the purpose of this agreement)?

Promoters are natural persons, including their close relatives and family members, who have formed the company and have signed the Articles of Association before the Registrar of Companies and have approached IIIC, NIT DURGAPUR with Incubation Proposal and have signed the Incubation Agreement.

Method of valuation for Equity Disposal:

The method of maintaining the equity of NIT Durgapur at the stipulated level and the mechanism for equity disposal are as follows:

- On a price as mutually agreed;
- On a price calculated by an expert so appointed with mutual consent
- In case the parties do not agree with the amount calculated through mode as given in A & B paras above the valuation shall be done on the basis of the expenditure incurred and/or the assets (tangible and intangible) generated. All expenditure incurred including salaries shall be compounded on a quarterly rest basis by a risk adjusted rate of return of 24%. This rate has been arrived keeping in general, that the expected rate of return in successful ventures is of order of 40-50%. The value of the company shall be treated as equal to this value. In case where the Director/promoter are working in the company without or nominal salary/remuneration, their contribution shall be calculated for this purpose as equivalent to the Total emoluments drawn on the date of valuation by an Assistant Professor of NIT Durgapur includes such emoluments like Basic, Dearness, House Rent Allowance and other allowances.

Illustration: Suppose "A" and "B" form a Company "C", here A & B are the promoters for the purpose of calculation of 3% equity. Assuming that the paid-up capital of the C is 2, 06,000 and authorized capital 5,00,000 with equity holding distribution given below:

Share holding of Promoter "A"	10,000 Shares
Share holding of Promoter "B"	10,000 Shares
3% of NIT DURGAPUR equity of Promoters (A+B)	600 Shares
Total	20,600 Shares

Case 1: Suppose a Venture Capitalist (VC) invests in the company against 25 % equity in the company. The structure of the shares holding will be:

Share holding of VC	6,867 Shares
Share holding of Promoter "A"	10,000 Shares
Share holding of Promoter "B"	10,000 Shares
3% of NIT DURGAPUR equity of Promoters (A+B)	600 Shares
Total	27,467 Shares

Equity holding of Promoters (A+B) remains same, so there is no requirement to give additional shares to NIT DURGAPUR

Case 2: Suppose Promoters increase their shares by 5000 by any mode like but not limited to issuing additional shares, bonus shares then NIT DURGAPUR's equity will also be increased, without any consideration from NIT Durgapur for the same this is to ensure that at all time the shares of NIT Durgapur are equal to 3% of the equity of Promoters. However this condition shall apply only up-to a period of one year from the date of exit from IIIC

Share holding of Promoter "A" and 'B'	25000 Shares
3% of NIT DURGAPUR equity of Promoters (A+B)	750 Shares
Total	25,750 Shares

Case 3 Subsequent to this, any dilution of the equity may be based on the valuation of the promoters holding at the times of valuation. The Incubatee Company can issue additional equity at a premium based on the valuation. In case the shares are issued at a rate less than the full value (value arrived as per valuation defined herein

above), the NIT Durgapur's share holding shall also be increased in such a ratio that equity is maintained at 3% value of the pre-issue valuation.

Suppose the promoters are "A" & "B" have 1000 shares with valued at Rs. 100/- upon valuation.

Share holding of Promoter "A" and 'B' of Rs 100 each 1000 Shares

NIT DURGAPUR equity of Promoters (A+B) of Rs. 100 each 30 Shares

Total present value Rs 1,03,000/-

A & B issue additional 1,000 shares at a premium of Rs 40 (Rs 50 × 1000), which is less than full value (Rs. 100/-)

Total Capital is Rs 50 × 1,000 + 1,03,000 = Rs 1,53,000

Share of NIT Durgapur = (30 + X), X= additional shares to be issued to NIT DURGAPUR as a result of under valuation

Total Shares = 1000+1000+(30+X)=2000+(30+X)

Value per Share = $\frac{1,53,000}{2000 + (30 + X)}$

NIT Durgapur Value = $\frac{1,53,000 \times (30 + X)}{2000 + (30 + X)} = 3,000$ (Value of IIT share)

(Promoters pre issue share value is Rs. 100 × 1000 shares)

= 1,53,000 × (30 + X) = (2000 + 30 + X) × 3000

= 4590000 + 153000X = 6000000 + 90000 + 3000X

= 153000X - 3000X = 6090000 - 4590000

= 150000X = 1500000

= X = 10

So according to this hypothetical illustration the Incubatee Company has to issue 10 additional shares to NIT Durgapur against this NIT Durgapur shall not pay any money.

Please note that these hypothetical illustrations are only for the purpose of Clarification and should not be construed as actual which may be different from these figures.

Faculty Guidelines for Incubation

National Institute of Technology Durgapur

Preamble: Faculty members at NIT Durgapur are continuously engaged in knowledge generation and dissemination. A large number of R&D activities are being carried out by faculty members and students in several cutting-edge science and technology areas. However, most of these research outcomes do not get translated into commercial products, benefiting the society in general, due to several reasons including lack of interest in the industry in commercializing new and futuristic technologies and restriction on the Institute's employees to start entrepreneurship. Towards this end, NIT Durgapur, in line with the best practices of other institutes of higher learning across the world, encourages interested faculty members to incorporate companies to engage in the businesses, that are direct result of the research and development activities of the faculty member of NIT Durgapur, be on the board of such companies in the capacity of a Director, Chairman, Promoter or any such role, subject to the terms and conditions of this Faculty Entrepreneurship Policy. It is expected that faculty members will make all efforts to balance their academic responsibilities

Definitions:

- i. "NIT Durgapur" or the "Institute" shall mean "National Institute of Technology Durgapur".
- ii. "Policy" means Faculty Entrepreneurship Policy of National Institute of Technology Durgapur.
- iii. "Faculty Member" shall mean a faculty member of National Institute of Technology Durgapur.
- iv. "Promoter" means a promoter as defined under Section 2(69) of Companies Act 2013.
- v. "Executive capacity" shall mean a role as a Director or a Chief Executive Officer, Chief Operating Officer or Manager or any person, enjoying similar role, by whatever name called, in the Company, having executive power(s) in the Company
- vi. "Equity" shall mean 'liability free' equity shares (fully paid up), having voting rights, of the Company.
- vii. "Company" shall mean a start-up Company, having at least one Faculty member from NIT Durgapur in Executive or in Non-Executive Capacity in the company.

1. Kind of Companies

NIT Durgapur encourages and prioritizes the Companies in the following order.

P-104

a. Companies jointly owned by the faculty members and/or graduating students/alumni (along with possible others).

b. Companies owned by the faculty members (one or many) along with possible others.

2. Companies eligible under this “Policy”:

Such a Company must pursue businesses that are a direct result of the research and development activities of the faculty member of NIT Durgapur. In such cases, the faculty member(s) and student(s), if applicable, will be known as a founding member(s)/Promoter(s) in a Non-Executive position of the Company.

3. Companies not eligible under this Policy:

A faculty member cannot associate, either as a Promoter or in an “Executive Capacity”, with:

- a. Companies involved in Teaching and/or development of educational content. On the other hand, companies developing innovative technology platforms that facilitate delivery of content are permissible.
- b. Companies whose business will be to provide consultancy services.
- c. Such class of Companies

2. Role of the Faculty Member:

The Faculty member has to take prior permission from the Institute before associating with any business venture or starting a new venture in the application format as prescribed by NIT Durgapur (Annexure I). It is expected that the faculty member would be a Promoter of such Companies and/or a Director on its Board. In addition, the faculty member can choose one of the following options:

- a. Provide consultancy to the Company in a non-executive capacity. However, the total number of days allocated by the faculty member for the consultancy activities should not exceed the maximum number of days allowed by the Institute for such activities. Undertake projects that could be executed at NIT Durgapur, and manage through the Company. However, this may be undertaken only after obtaining explicit permission from the competent authority at NIT Durgapur and entering into an explicit agreement with the Institute following existing processes.
- b. Take a sabbatical and/or Leave without pay and work full-time for the Company in an Executive Capacity (COO, CEO, Vertical Head etc). Eligibility and approvals of such leave are governed by the extant rules of the Institute. It should be noted however that the faculty member of NIT Durgapur should take all possible steps to ensure that his/her duties and responsibilities as a member of NIT Durgapur faculty, take precedence over all other activities regardless of the nature of his/her engagement with the company.

3. Intellectual Property Rights and Usage of Institute Resource:

As stated in the preamble, faculty members of NIT Durgapur are only allowed to incorporate Companies whose business objectives can only be fulfilled by using the know-how and/or technologies developed at NIT Durgapur. Thus it is critical that there is clarity vis-à-vis policy of usage of institute resources, know-how developed using institute resources and IP Rights.

- a. In the event the Company uses any “know-how” for business purpose, which has not been secured through any IP prospects, the Faculty member has to disclose the source and origin of such “Know-how”.
- b. In the event the faculty member(s) would want to use an existing Intellectual Property developed at NIT Durgapur and protected by filing/grant of patent where NIT Durgapur is an applicant & the Faculty member is an inventor, the Faculty member(s) may request for an exclusive license of the IP from the Institute to the Company, the grant of which may be guided by the policy stated below:
 - i. The faculty member would submit an application for the same to the office of Dean, Research & Development.
 - ii. Upon obtaining permission, the Company may initiate the process of getting the IPR licensed to it.
 - iii. The exclusive license may be given to the company on a perpetual basis till the time the company is in the business and/or the IPR is within its protected period.
 - iv. In case the Company agrees to sublicense the “licensed IPR(s)” to any other entity, then the licensing revenue generated by the Company will be distributed among the inventors and the Institute, as per the extant IPR policy of the Institute.

CONSIDERATION FOR FACULTY ENTREPRENEURSHIP

1. As a consideration for allowing the Faculty member to engage in Entrepreneurship, the Enterprise shall agree to pay to NIT Durgapur, through one of the methods (or combination of methods) mentioned below at the time of signing the **FACULTY ENTREPRENEURSHIP AGREEMENT**:

10% Non-Dilutable Equity, as upfront consideration to NIT Durgapur **OR** a negotiated share of the revenue of the Company **OR** a combination of non-Dilutable Equity, as upfront consideration **AND** a negotiated share of the revenue of the Company.

Clarification to the word “Non-Dilutable”

For any period of time in which the Institute owns and/or holds the abovementioned Equity Shares, the Company shall, in the event any of the Promoters of the Company increase or raise their individual shareholding in the Company, whether by issue and/or transfer of any new Equity Shares or otherwise (“Proposed Increase”), grant a right of non-dilution to the Institute; ensuring no dilution to the Equity Shares owned/held by NIT DURGAPUR, whereby the Company shall provide to NIT DURGAPUR a right to subscribe up-to such number of Equity Shares, calculated on a pro-rate basis, so as to correspondingly increase the amount of Equity Shares held by NIT DURGAPUR so that the NIT DURGAPUR’s proportionate ownership in the Company, on happening of the Proposed Increase, is not decreased.

2. Facilitation Charges-
 - a. For Research Grant – If the Company applies for a research grant, overhead (10% of the total budget) must be budgeted separately in the grant application. This condition may be relaxed at the sole discretion of Director, NIT DURGAPUR.
 - b. For Consultancy Project or Contractual Service delivery – As a policy, no Company may be incorporated by a faculty member whose only purpose is to provide consultancy service. However, if on occasion a Faculty member incorporated company provides consultancy service then in addition to the considerations stated above, the Company shall pay additional consideration of the amount equivalent to 25% (twenty five) of any consultancy project or contractual service delivery project received by the Company, as part of the assumed alternative to the overheads that could have been earned by the Institute had the project come to the institute due to the efforts of the faculty member.
3. Additional consideration, required for any specific Infrastructural services, requested by the Faculty member to be decided on case to case basis mutually.
