

**IIM**  
The Indian Institute of Metals,  
Student's Chapter, NIT Durgapur

## Webinar Series

Jointly organised by  
Dept. of Metallurgical and Materials  
Engineering, NIT Durgapur & IIM Student's  
Chapter, NIT Durgapur

Proudly Presents

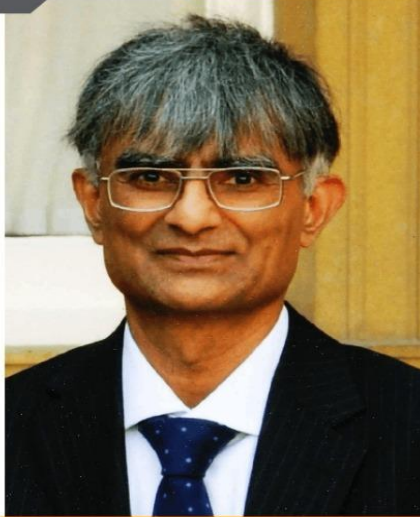

### Webinar-1 with

## Prof. H.K.D.H. Bhadesia

Tata Steel Professor of Metallurgy,  
University of Cambridge, UK

#### Topic:

"Tough high-carbon martensite"

## ABOUT

Prof. Bhadesia's research is concerned with the theory of solid-state transformations in metals, particularly multicomponent steels, with the goal of creating novel alloys and processes with the minimum use of resources.

**DATE: Nov 3, 2020**  
**TIME: 12 noon UK time**  
**(5:30 PM, IST)**

# DATE: 03/11/2020

# TOPIC OF THE TALK:

## TOUGH HIGH-CARBON MARTENSTITE

The first webinar of the November webinar series. The talk would continue for an hour followed by a Q&A session.
