

IIM
The Indian Institute Of Metals,
Student's Chapter, NIT Durgapur

Webinar Series

Jointly organised by
Dept. of Metallurgical and Materials
Engineering, NIT Durgapur & IIM Student's
Chapter, NIT Durgapur

Proudly Presents

Webinar-2 with

Dr. Varun Chaudhury

Research Fellow, School of Materials
Science and Engineering,
Nanyang Technological University

Topic:

"Accelerated development of
high-performance magnetic
materials for emerging
technologies"

ABOUT

Dr. Varun Chaudhury worked on Magnetic materials including magnetocaloric materials, Soft magnetic materials, Permanent magnets, High entropy alloys, Nanostructured materials for spintronics and hard disk media etc. One of the most notable research on self pumping magnetic cooling was the part of his PhD thesis.

DATE: Nov. 6, 2020
TIME: 4 PM, IST

DATE: 06/11/2020

TOPIC OF THE TALK:

Accelerated development of high-performance magnetic materials for emerging technologies.

The second webinar of the November webinar series. The talk would continue for an hour followed by a Q&A session.
