This new(ish) kid on the block with a star name provides solid roulette, reliable banking and impeccable player security.

GentingCasino.com is a fairly young domain, but the Genting Brand carries a great deal of weight in the gambling world. The Genting Group is the largest casino operator in the UK, with 40 land-based casinos to their name, including famous establishments like Birmingham's Star City and Crockfords in London. They certainly have the pedigree, but how do Genting fare online?

Genting roulette online casino

Aesthetically, Genting doesn't really carry the touch of glamour you'd expect from such a famous brand. The design is by turns cluttered and bland, with lots of oppressive black and an abundance of games and ads overpopulating the screen. That being said, the interface is fine and the site never gets confusing; we'd just prefer something a bit cleaner.

Genting's bonuses are what really impress. You can get the full run-down by clicking the Promotions tab above, but suffice to say you could be looking at £1,000 in bonuses if you take full advantage of Genting's generosity. We say go for it.

Genting have plenty of games to choose from, but unfortunately it's a case of quantity over quality.

The 12 roulette games on offer are visually underwhelming (surprising, given that they're powered by Playtech software). On top of that, Genting don't provide a mobile app as yet, so your roulette sessions will be confined to your desktop should you opt for this casino.

Genting boast a coveted Alderney license, so you can be assured of a safe and fair game.

Alderney offer very few licenses, so Genting must have really distinguished themselves for the quality and security of their service. The casino doesn't charge any fees for withdrawals, so you'll never feel short-changed after collecting a win.

Roulette casino online genting

You also don't have to worry about a long wait for your winnings as Genting process most withdrawals after 24 hours. Should you have any trouble, you can contact the casino's excellent customer support. Any legitimate complaints will be dealt with promptly.

Genting Casino may not have the prettiest roulette games online, but their generous bonuses and exceptional player security more than make up for this shortcoming.

Casino genting online roulette

You could certainly play better-looking roulette games at a more inviting website, but you're unlikely to play with the same peace of mind you'll enjoy with Genting. Water-tight security and reliable customer support add up to one of the most secure roulette services on the internet; a real must for serious players.

Morning, roulette fans! God, I love the holidays... You get to spend time with family and friends, you have time off work to relax... and there are some super sweet casino promotions...

I remember signing up to Genting Casino last year for a £5 no deposit bonus for new players. Both me and my girlfriend enjoy the occasional bet... we occasionally race each other to the free bonuses because some casinos put restrictions of one bonus per IP (tee hee).

Most casinos will say this in terms and conditions, if you contact before signing up they can normally allow for a couple to both register and get the same bonus but this has to be cleared by the casino before registering.

If you're considering a deposit at Genting, I'm sure you'll have a good time because they offer loads of really great bonuses.

I went to one of the Genting resorts the other year – it was INCREDIBLE. Don't normally play online but I remembered how sweet the live casinos were and just had to give this website a try. Cracking stuff.

Genting's roulette games aren't the highest-quality examples we've encountered, but there are plenty of them. As yet the casino doesn't support mobile platforms.

Live Roulette is Genting Casino's most popular roulette variant. With a live dealer, a real roulette wheel and other players participating, you'll never go back to solo play.

One of the oldest roulette variants is now available to play online. European Roulette has better odds than its American cousin, so if you're looking for a safe win then you should play here.

Premium European Roulette is identical to European Roulette, except for the inclusion of a race track that allows you to make more tactical wagers.

French Roulette has the same odds as European Roulette, however you can place special bets which focus more on the wheel than the table, encouraging you to identify and exploit patterns on the wheel.

Premium French Roulette is identical to French Roulette but incorporates a race track which keeps a record of previous winning numbers, allowing you to play strategically.

The original roulette game, also known as American Roulette, has an extra house slot available. This makes for less favourable odds but a far more exciting game and higher potential wins.

The premium version of American Roulette is very similar to the original, but includes a race track allowing you to make bets based on the previous winning numbers.

Roulette Pro does just what it says on the tin; it lets you play roulette like a pro. The variety of complicated bets means this game is reserved for more experienced roulette players.

Premium Roulette Pro is the advanced version of Roulette Pro. In the premium version, you will have access to a race track which will record the previous winning numbers, allowing you to place more tactical wagers.

If you're among the lucky few with a 3D monitor, then you can enjoy Genting Casino's 3D Roulette! It's the same as regular roulette, but in 3D... Makes sense.

If you would rather have fewer numbers on your roulette wheel, then you should give Mini Roulette a try. The improved odds and decreased risk make this an excellent game for beginners.

Newar Roulette is a new form of roulette which is recommended for experts only. It contains the maximum number of betting options, and contains several features that you won't find in any other roulette game.

The iconic roulette table is a favourite of our clientele. With four American Roulette tables featuring a maximum stake of £100.00 and a £0.50 minimum (£1 minimum on Friday and Saturday nights, 9 pm – 3 am), it's no surprise that this one draws in the crowds. American Roulette offers an extra unit, which means much more frequent wins and odds of up to +120%, very competitive within Blackpool casinos. Cast your bet between 4 pm and 5 am Monday to Thursday or 2 pm until 6 am Friday to Sunday for your chance to own the wheel.

Slots offer something for everyone, and this casino has built itself a reputation as one of the hottest venues in town for the immersive slot experience. Blackpool casinos would be nothing without their beloved slots, but Genting stands out from the crowd, with each of the slot machines offering a minimum percentage return of 94%. Machines include IGT, Novomatic Super V+ Gaminators, cutting-edge Novomatic Dominators, and the newest Storm FOBTs. All of the favourites are there, as well as the hottest new titles. Stakes are competitive, with Super V+ and IGT offering jackpots of up to £10,000.

Three card poker is one of the most exciting and engaging incarnations of the game. This casino's legendary hospitality is combined with skilled dealers who have one disadvantage: without a Queen high, they're out. This is why Genting Casino Blackpool doesn't dare put out a maximum higher than £50.00. Three Card Poker is a quick game, meaning that our two tables are a major attraction. The minimum stake is £2, regardless of the time of day or night.

Opening hours are 11 am until 6 am, seven days per week. The services and games vary throughout the week, with some features – such as live poker tournaments and special evenings – having their own hours. Evening games typically begin at 7.30pm, and the Late Bar stays open until 5 am.

Casinos offer a sense of elegance, style, and class. This casino is no different. However, this does not mean that you need to reach for your tux or evening dress. Smart casual is acceptable. This means that we don't allow football shirts or muscle vests, and trainers and jeans need to be smart.

On the other hand, with a late-opening cocktail bar available, there is nothing to stop you embracing casino chic and getting on board with the elegance and style of Genting Casino.

Please make sure that there are no ripped jeans and no beachwear.
