Although the casino offers a limited number of banking options, it is committed to paying out 80% of its withdrawal requests within ten minutes, which can be hugely beneficial for players looking to get their hands on their winnings as soon as possible. When using a debit card to make a withdrawal, faster payouts are dependent on banks that can process these transactions at speed – such as Barclays, NatWest, HSBC, Nationwide, RBS, Revolut, and Marks and Spencers. Other banking institutions have slower authorisation processes, and users of these banks will typically receive their winnings within three working days.

Lucky VIP Casino offers new players a 100% matched deposit welcome bonus up to £50 on their first deposit, with a wagering requirement of 50x.

The welcome bonus comes with a 50x wagering requirement which applies to the sum of your deposit, plus the bonus amount. This means that if you take advantage of the full £50 matched deposit offer, the wagering requirements will be £5,000 (50 x 100). This is a steep figure for most online casino players and, combined with the strict time limit of seven days, the welcome bonus offer should be seen as a means by which new players can become accustomed to the site and browse the games library for the titles they like, as opposed to a chance to cash in on some big winnings.

After doing well on my first day on this site. It's now turned into a nightmare, the Thai flower slot really need to be investigated. KEEP AWAY.

Also I like to know why is it that when I have a deposit limit set of ten pounds a month I was able to deposit nearly one hundred pounds today?????This is absolutely disgraceful when I have a deposit limit set in stone you let me override it! Isn't that legally irresponsible?

Very slow site and site tends to crash after finishing slots, and other sites pay much better on similar slots too. I don't believe RNG is being used here. Withdrawals was quick however (within 24 hours). But surprised the site does not ask for verification upon sign up, which I tend to prefer, so there aren't any road blocks when it comes to withdrawing large sums.

Terrible site, keeps crashing and takes a while to reload. It seems to crash on a winning streak, crash, and by the time you get to log-on again you are back a few moves and your balance is affected. I have stayed on site for a month in the hope it would rectify itself but between the losses and the lack of enjoyment playing games I'm out,

The minimum deposit and withdrawal threshold at this site is low at just £5. All deposits will be approved immediately upon approval. Withdrawals are also quick, with most payouts arriving back in your account in just 15 minutes! This applies to Visa accounts with Fast Withdrawals and PayPal. Withdrawals to Mastercard and Visa not enabled for Fast Withdrawal will take 1-3 working days which is still faster than what most other sites can offer.
